What if I've never danced before?

We teach all ages & levels whether you're a beginner, intermediate, advanced dancer or have never danced before in your life.

We have programs for all ambition levels, whether you're interested in performance, competition, getting ready for a wedding, or becoming a proficient social dancer.

No partner required.

How can I get started?

Our "Three-Way System of Learning" utilizes PRIVATE LESSONS, GROUP CLASSES & PRACTICE PARTIES to provide our students with a fun and effective way of learning to dance.

PRIVATE INSTRUCTION:
Private lessons are the single most valuable tools of the learning process since the lessons are strictly one-on-one with your teacher. You receive a more personalized lesson, often focusing on the "secrets" of executing steps you have learned in the group classes.

GROUP CLASSES:
Choose from a variety of classes to enhance what you learn in your Private Lessons. Take the classes at your convenience.

PRACTICE PARTIES:
We provide a social setting to give students the opportunity to practice and apply everything they've learned from classes and privates. It's also a great chance to make new friends and get moving!

PRIVATE DANCE PARTIES:
Let us host your next event. It's a unique way to celebrate special occasions with friends and family!
